NGO SY HUNG

Full Stack Developer

Phone: 0335072735 • Email: cornyhung@gmail.com • Location: Ha Noi, Viet Nam
• LinkedIn: www.linkedin.com/in/ngo-hung-corny-716798214

With over 3 years of experience in software development as a full-stack developer, I have gained extensive skills and knowledge in this field. I am proficient in developing large-scale web applications, from backend development using PHP and Node.js to frontend development using JavaScript (Vue, React...).

I specialize in implementing highly maintainable modules and have expertise in working with databases such as MySQL and MongoDB. My experience also includes optimizing code and queries to ensure high performance.

Additionally, I excel at deploying user interfaces compatible across multiple platforms. I have worked with Agile/Scrum methodologies, possess team management skills, and have experience in gathering and communicating customer requirements effectively.
